It looks like Spring is finally “Springing” around LGC!

*The beautiful azalea on the 1st hole*

*Dogwoods on the 2nd hole*

*Flowering trees behind the 8th green*

## Spring Fourball

The Spring Fourball rolls on. Every match played so far has been a close affair. Most of the matches have been going the 18 hole distance, with a couple of them even going extra holes.

One of those extra hole matches was played this week between the team of **Chris Murphy/Steve Keegan** and **Lee Smith/Garrett Johnson**. It was a group that featured no fewer than three former Club Champions! So it was only fitting that it be decided on the 19th hole. With barely a spec of daylight remaining, Chris Murphy sank the deciding putt, a slippery downhill left to righter, to complete a nifty up and down from just short of the green.

With the win, Steve and Chris are the first team to advance to the Final Four of the Championship Flight. In the Consolation Flight, TJ Lombardini and Steve Jepsen advanced to the Final Four with a 3&2 win over Tom Walsh and Charlie Toczylowski. All other matches are scheduled for this weekend.

## Men's 2-Day Member-Guest

Keep an eye on your mailbox. Invitations for the Men's 2-Day Member-Guest will be mailed this coming week. The tournament is open to the first 30 completed entry forms returned to the Pro Shop. If you do not receive one for any reason, we will have extras in the shop.

## Ladies Division

The Ladies Division has now officially kicked off their season. Events are played every Tuesday morning throughout the golf season. If you are one of the ladies (of any golfing level) who have not yet joined the fun on Tuesday mornings, you are always welcome any time.

Call the Pro Shop for more information.

### **From the course**

*We have a new traffic signal on the 7th tee*

Please note, we are starting to grow the tall grass in our fescue areas. Please do not drive golf carts in these areas.

**And . . .** as we start a new year, we remind all members to please observe golf etiquette and be sure to take care of your golf course. Always remember to replace ALL divots. Repair ANY ball marks you see on the greens (even if they were from somebody else). Rake the bunkers when done, and please be aware of your pace of play. Cart riders can also do their part to minimize wear and tear on the golf course by observing all cart traffic signs.

*Have a great golfing week.*

## **Physics is available to all**

If you want to add yards to your tee shots, then maximize the way physics works for you without having to add effort to your swing.

## Breaking 90

### *Staying in play*

Previously we talked about building a strategy for each hole back from the center of the green. How do you get to a place that within an easy wedge distance (we said 70 yards, but you decide what that is)? And how do you plan to use up to 36 shots over 18 holes, getting to that distance on each hole?

#### THE TEE BOX

*"If you missed our shot breakdown of the strategy previously, then"*

*"On this 400-yard hole, you now have 2 shots to get within an easy wedge distance of the center of the green. Plan a journey with club selection that is going to keep you in play. Now your swing thought is all about 'making a good swing', not how far you can hit it."*

## Turn 'thought' into execution

If, without the pressure of hitting the ball as far as possible, your swing still delivers wild and erratic results, then let's fix that. Let's provide you with some simple swing mechanics to allow you to keep the ball in play with the longer clubs.
