Honouring our student's individual improvement journeys

Our students step up week after week and make us proud, with impressive victories and personal breakthroughs on their individual improvement journeys.

See below our heroes of the week, including two students who have gone from shooting in the 90s to winning gross tournaments in a short space of time.

Alumni News

Yann is ready to start his new golfing adventure

Congratulations to PGA Diploma graduate, **Yann Ranaivoson** on his new appointment as Golf Coach at Golf School Luxembourg.

Here's what he had to say;

"I am happy to announce that I will join the Golf School Luxembourg team in Junglinster from April 1, 2021.

I would like to thank Leon Marks for giving me the chance to join the coaching team and hope to be able to bring my joy and cheerfulness to the team.

I also thank BSI for giving me the chance to realize my dream of working in golf, where I learned a lot during three years. Special thanks to Mark Fairbank for always helping me, advising me when I needed it.

I also thank my family who have always supported me in my choices and who have always done everything to make me successful. And thank you to my friends who have always been able to help me in important moments and who supported me.

Because even if it was complicated to get there, while others prefer to give up quickly, find excuses and blame others for their failures (in life or professionally), I've always been taught to fight for what you love and to make your dreams come true!

I can't wait to start this new adventure and find you on the golf course or at the range."
