BSI Golf

2022 has proven to be another highly successful year at the BSI Golf Academy. The strength in depth of our players is the highest we've ever had. We have a very exciting group of talented and hard-working Juniors coming through the ranks and making their mark in national events. Our College students are also climbing the national rankings in large numbers.

All of our recent College graduates have either found employment already or are returning to the Academy for further training in 2023. Our 3rd year PGA Diploma students hosted our best ever student golf day and raised over R40,000 for the SA Golf Development Board. They even managed to beat the staff in our annual match, although I did maintain my unbeaten personal record.

Below you'll see images of the Graduation and Awards Dinner that we hosted on the 2nd December to close off the Academy year. As I said on the evening, it fills me with immense pride to not only celebrate their successes in golf and academics, but to also see how well they conduct themselves. A common theme amongst students is how they have found friends for life, and they talk of BSI as a family.

Lastly, I'd like to acknowledge my amazing staff in every department for the tireless work that they put in to develop the young people that we have the privilege to guide. The Academy grows from strength to strength because of you.
