Srixon Z-STAR has been a consistently high performer over many years, and the new Z-STAR 8 series is no different. Whether you prioritize feel and spin, or distance and speed, or all of the above, there's a Z-STAR golf ball that's going to help you reach your full potential. All we need to do is decide which one suits you best.

| Choose your game changer

Most spin and feel

Set up more short putts from greenside with a ball that gives you 350rpm more spin than its closest competitor.

Get Z-STAR

Most speed and distance

Reach new parts of the fairway with a ball that's nearly 2 yards longer than the competition.

Get Z-STAR XV

Best of both worlds

Hold the green from a distance with a ball that gives you the spin of the Z-STAR and the speed of the Z-STAR XV.

Get Z-STAR DIAMOND

Choose a better ball, enjoy a better game

Come and pick up a sleeve of the new Z-STAR golf balls and experience the difference for yourself.
